

This is to certify that

**Marshall Aerospace Defence Group**

The Airport, Newmarket Road, Cambridge, CB5 8RX, UK

Has been assessed

by Peter Child for IT Governance Ltd

against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials PLUS

Scope: Internet facing infrastructure & user devices for ADG based in Cambridge, KirkbyMoorside & Stansted

Certification date: August 7th, 2018

Recommended re-assessment date: August 6th, 2019

Certificate no.: 5858197829131857

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
